

New changes to Manifests and Waybills in ASYCUDA World

The following configurations were done in the system on 28th September 2017.

1. "Shipping agent" field will be restricted to the respective Carrier codes on their Manifests:

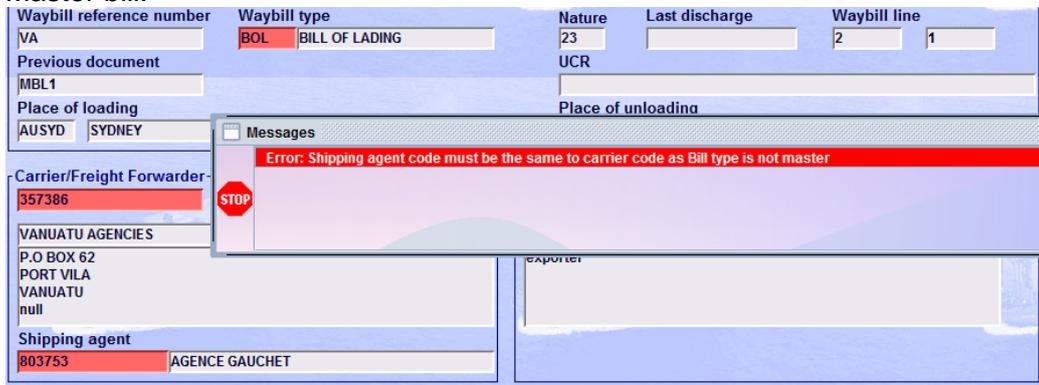

Office of departure / arrival
VAIR VILA AIRPORT OFFICE

General Information
Voyage number: NF011 Date of departure: 28/09/2017
Date of arrival: Time of arrival: Registration number: /
Date of registration: Last discharge:
Place of departure: AUSYD SYDNEY Place of destination: VUVLI PORT VILA

Shipping Information
Carrier: 101262
AIR VANUATU CARGO
PO BOX 148
PORT VILA
VANUATU
null
Shipping agent: 161398 VANUATU TERMINAL SERVICES

Messages
Error: Shipping agent code must be the same to carrier code

2. "Shipping agent" field will be restricted to the respective Carrier or Freight Forwarder code if they are submitting a house bill, but will be open for any code if the bill is a Master bill:

Waybill reference number: VA Waybill type: BOL BILL OF LADING Nature: 23 Last discharge: Waybill line: 2 1
Previous document: MBL1
Place of loading: AUSYD SYDNEY Place of unloading:

Error: You are not authorized to add house bill directly to the manifest, please enter master bill ref. in the previous document

Waybill Containers Split

4. AWB and MAB are now restricted to airfreight only, while BOL and MBL are restricted to sea freight. Example:

Office of departure / arrival
VSEA VILA WHARF OFFICE

General Information

Voyage number	Date of departure	Date of arrival	Time of arrival	Registration number
SMO345	28/09/2017			/ /
Waybill reference number	Waybill type	Nature	Last discharge	Waybill line
SMO345AKLVL1-0025	BOL BILL OF LADING	23		2
